SUMMARY

Software Developer with practical experience working on production web applications. Contributed to backend features, dashboards, and reporting systems used in business workflows. Interested in growing as a Software Engineer, with focus on writing maintainable code and learning scalable and reliable system design.

RELEVANT SKILLS

Frontend: Angular, Bootstrap, TypeScript, HTML, CSS, Tailwind, React, Next.js, JavaScript

Backend: C#, ASP.NET, Java, Spring Boot, Node.js

Database: MySQL, PostgreSQL

Tools: JasperReport, Git, GitHub, Figma

Soft Skills: Problem-solving, Communication, Team Collaboration

EXPERIENCE

Software Developer Cooperative Education

Nov 2025 – Feb 2026

Soft Square International Co., Ltd.

- Designed and developed HRMS frontend features and dashboards using Angular and TypeScript, seamlessly integrating them with C#/.NET backend services.
- Wrote and optimized complex SQL queries for data extraction, transformation, and reporting, ensuring high performance, accuracy, and data-driven decision-making.
- Maintained legacy modules, resolved bugs during UAT, and created user documentation to improve system stability and support end-users.

ACTIVITIES & AWARDS

- 4th Place (Honorable Mention) – PSRU Cyber Hackathon #2: Advanced CTF & Security Workshop | Dec 2024
- Participant – PSRU Cyber Hackathon #3: Cybersecurity Skill Competition | Mar 2026
- Academic Excellence Consecutive Awards | 2022, 2023, 2024

EDUCATION

Bachelor of Science in Information Technology

First-Class Honors - University of Phayao | GPA 3.66

- Related subjects include Information Technology, Web Application Development, Data Structures and Algorithms Design, Security in Computer Systems and Networking,

ADDITIONAL INFORMATION

- Languages:** Thai, English
